TESTIMONIAL

My 9-week of internship program at DK Outsource was a really fruitful.

During these 9-week, I had learnt how to take off simple measurements for instance ceiling, wall and floor finishes, railing and staircases. Besides that, Mr Dennis Kwok, the boss of Dk Outsource Pte Ltd, was very generous in giving me the opportunity to handle a mini project all by myself.

From the projects that I had handled, I had learnt the importance of team work and time management. It is crucial to coordinate well with fellow colleagues so as to get things done in the most efficient and effective way. I would like to take this chance to thank all the lovely staff in DK Outsource. They are all very approachable and helpful, especially One of the mentors. She had guided me through the whole project, ensuring that I was doing just as fine.

Mr Dennis had also given me many chances to attend site visit. The experience at site has enriched my understanding of the industry.

It was indeed a fulfilling experience at DK. I would like to thank all the staff and Mr Dennis for their guidance and kindness through this learning experience of mine.

Thank You.

Yours sincerely,
