Testimonial

The Practical Training Scheme (PTS) is an Unrestricted Elective module offered by the school. During the balloting process, I was given the choice to choose between a Property Management and Quantity Surveying (QS) firm. It took me some time to make up the decision. This is because: (1) I did not score very well in the measurement module (2) Taking up the job at DK will cost me 3hours travelling to and fro the workplace. However, I decided to step out of my comfort zone and take up the challenge.

During the 9 weeks of internship at DK, I've felt really welcomed and gained a lot of out-of-book knowledge. Truly, I did not have any sense of regret at all. Every morning, I'll look forward to what is awaiting for me to learn in DK. From being very inexperienced in taking-off to able to undertake projects independently, I feel very proud and elated. Of course, this would not have been possible without the great help from Noothan and Jeannie, and emotional support from the lovely colleagues – Jessica, Yik Mun, Evonne, Shirley and Raina.

Most importantly, I would like to show my heartfelt gratitude to Mr Dennis Kwok who provided me with opportunities that exposed me to different kind of QS-related job such as taking-off projects, site audits, site 'excursions', CostX training and many more. Thank you for the trust you had in me. Lastly, I would also like to thank my best project partner – Aaron for all the support and understanding. It's really a great pleasure working with you.

To all family members of DK – *Without anyone of you, I would not have enjoyed every aspect of being part of the family. Thank you very much for everything. Farewell but not to the great memories we had....*

Yours sincerely,
