Testimonial

Over the past 9 weeks, while most of my friends love to groan about their daily duty: making tea, answering the calls, doing data entry for various documents, I am so proud to say I do enjoy every single day in DK to the fullest.

Time flies. I still remember how I felt when I first put the photo of "Well come to DK – Ms Si Ling and Ms Nguyen Hoang Ha" to my Facebook and received comments such as "So jealous lollll " or "Your company is so cool ☺". Now comes the time to say goodbye.

For DK, I may be just *another intern*, but for me, DK in general and Michelle, Erwin, Roselyn and Madel in particular is more than just my supervisor, senior but they have stepped into my life as my very first respectful teachers, who taught me from the basic measurement knowledge, who keeps on emphasize the importance of understanding what I am doing, who asked me let go my mistakes and try to avoid it the second time, and who works overtime because of my project to and who smells really good ☺. Thank you for such wonderful lessons and moments. I am truly grateful for that.

Thank Raina, Farhan, Evonne, Jessica, Shirley and Alice for all the conversations that we have ever had. I will live my life with smiles, like you always do.

Thank Sharon, Ricky and Noothan for never saying "no" to my request for help even though you are very busy doing your own project.

Last but not least, I would like to thank Mr. Dennis for offering me a precious chance to learn, work and grow up in DK. In the future, if DK needs my help^^, I will never reject.

All the best,
Summer Nguyen
